

Wares Postdoctoral Fellowships

Earth and Planetary Sciences

McGill University

The Department of Earth and Planetary Sciences at McGill University invites applications for two Wares Postdoctoral Fellowships from outstanding early career Earth Scientists. Fellows will work on research projects in collaboration with one or more faculty members within the broad range of disciplines covered by the Department. The Postdoctoral Fellowships are for two years and offers competitive compensation, a research stipend and a relocation allowance.

The Department is committed to diversity and equity in employment and takes an active role in building a talented, inclusive, and culturally competent workforce. We welcome and encourage applications from all genders, Indigenous persons, people with disabilities, members of visible/racialized minorities, LGBTQIA+ individuals, and other underrepresented groups.

Applications must include a cover letter, a curriculum vitae including a list of publications, a two-page research proposal, an endorsement letter from the faculty sponsor(s), and two letters of reference. The deadline for receipt of application materials is February 1st, 2021 and the anticipated start date for the fellowship is September 1st, 2021 (negotiable).

The department webpage provides full details (<https://www.mcgill.ca/eps/departement/employment-opportunities>).
