

Sessional Teaching Opportunity – Fall 2022
School of Earth and Ocean Sciences (SEOS)
University of Victoria

The School of Earth and Ocean Sciences at the University of Victoria is seeking applications from qualified individuals interested in teaching **Quaternary Geology** during the Fall 2022 academic term.

EOS 450 (Fall 2022): Quaternary Geology (1.5 units)

The methods and theory of Quaternary research, stressing the processes of interaction between the geosphere and biosphere. Topics include dating methods, paleoenvironmental studies, glaciation and global change, geological hazards, interdisciplinary research, and applied studies particularly the influence for engineering design.

Prerequisites: EOS201 - Sedimentary Geology (1.5) and EOS240 - Geochemistry (1.5)

Schedule: Tuesdays and Thursdays, 5:30pm – 6:50pm, September to December 2022. Based on instructor availability, there is an opportunity for this course to be delivered online.

Applicants should send their curriculum vitae, a statement of teaching interests and experience, and contact information for three references by June 24th to:

Email: seosao@uvic.ca
