

Lakehead
UNIVERSITY

Department of
Geology

The Geology Department at Lakehead University is looking to recruit two Postdoctoral Fellows with expertise in Ni-Cu-PGE systems. The first Postdoctoral Fellow will work in partnership with Clean Air Metals Ltd. to investigate the mineralized intrusions of the Thunder Bay North (TBN) igneous complex, part of the 1.1 Ga Midcontinent Rift. The second Fellow will work in collaboration with Impala Canada Ltd. to investigate various aspects of the Archean Lac des Iles palladium mine. Both projects are fully funded and appointments will initially be for one year with potential for extension. In addition to developing the research programs the PDF will also help oversee the MSc student research projects and will create a positive, equitable and inclusive environment.

The successful candidate will have completed a PhD in a related field and will have a strong background in igneous petrology and Ni-Cu-PGE mineralization. The successful candidate will receive a stipend of up to CAN\$50,000 per year plus benefits.

We are looking for enthusiastic, passionate and talented researchers to join our team to unravel the complex petrogenesis of these two deposits.

Please contact Dr. Hollings at peter.hollings@lakeheadu.ca if you are interested in joining our research team.

The Geology Department at Lakehead University is a small but dynamic department with six faculty and a strong focus on hard rock geology. The Department offers Undergraduate and Masters degrees in geology and environmental science. Courses offered by the department place a strong emphasis on ‘hands-on’ geology reflecting our location within the Canadian Shield.

Lakehead is a comprehensive university with a reputation for innovative programs and cutting-edge research. With campuses located in Thunder Bay and Orillia, Lakehead has approximately 10,000 students and 2,160 faculty and staff. With an emphasis on collaborative learning and independent critical thinking and a multidisciplinary teaching approach, Lakehead offers a variety of degree and diploma programs at the undergraduate, graduate, and doctoral levels through its ten faculties, including Business Administration, Education, Engineering, Health and Behavioural Sciences, Natural Resources Management, Science and Environmental Studies, Social Sciences and Humanities, Graduate Studies, the Northern Ontario School of Medicine (West Campus) and the Bora Laskin Faculty of Law. For further information, please visit: www.lakeheadu.ca.

Lakehead University is committed to creating a diverse and inclusive environment and welcomes applications from all qualified individuals including women, racialized persons, Indigenous people, persons with disabilities and other equity-seeking groups. Lakehead University has made a commitment to equity, diversity and inclusion in its 2019-2024 Equity, Diversity, and Inclusion Action Plan [Click [here](#) to download an accessible copy of the Equity, Diversity and Inclusion Action Plan 2019-2024]. This plan includes the goal of recruiting and retaining a diverse student body and workforce that reflects the communities Lakehead University serves.

Lakehead University actively encourages applications from individuals representing equity seeking groups, including women, members of racialized/visible minorities, Indigenous peoples, persons with disabilities, persons of any sexual orientation, gender identity or gender expression -to apply. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Applicants who require accommodations for the interview process should contact Dr. Hollings (peter.hollings@lakeheadu.ca)
